LinkedIn Github

Aiming to utilize strong problem-solving skills and deep knowledge of Data Structures and Algorithms to develop efficient solutions, while working collaboratively in a dynamic team environment.

SKILLS

- **Problem solving:** Solved over 2000 problems on different online judges. Attend around 200 onsite and online contest.
- **Languages:** C, C++, JavaScript, Java, Python
- **Database:** SQL, MySQL

PROGRAMMING PROFILES

- **Codeforces:** ShahidulMiraj | **Specialist** | Max Rating: 1448 |
  Continuously improving problem-solving skills through regular practice and participation in contests.
- **Codechef:** ShahidulMiraj | **3⭐** | Max Rating: 1778 |
  Focused on maintaining consistent performance in contests.
- **Leetcode:** ShahidulMiraj | Max Rating: 1569 |
  Regularly practicing to improve efficiency in Data Structures and Algorithms through coding challenges.

PROGRAMMING ACHIEVEMENTS

- **Champion**, RMSTU CSE Day Intra University Programming Contest 2023
- **79th** position, ICPC Asia Dhaka Regional Contest 2023
- **102th** position, NCPC Onsite Contest JU, 2023
- **4th** position, RMSTU Technological Festival Programming Contest 2022
- Reached **Round 2** in **Meta Hacker Cup 2023**
- **13th** position, PU Inter University Programming Contest 2024 - Chittagong
- **30th** position, CUET CSE Fest 2022 - Inter University Programming Contest
- **50th** position, CoU-BRACNet Inter University Programming Contest 2023

PROJECTS

RMSTU Library | Github | Live Link

- Developed a Library Management System for the university library where students can borrow books and see the available books. It was a team project, and my role was to design all the pages with HTML and CSS and a little bit of JavaScript. Learned many things about team projects.
- **Technology used:** ReactJS, ExpressJS, MongoDB, NodeJS

Calculation Master | Github | Live Link

- Developed a calculation site that can calculate basic math and also some geometrical areas like square, triangle, etc. Learned deep knowledge about basic javascript.
- **Technology used:** HTML, CSS, JavaScript

EDUCATION

B.Sc in Computer Science And Engineering   March 2022 - Ongoing
Rangamati Science And Technology University

VOLUNTARY ACTIVITIES

- **Programming Trainer**   January 2023 - Ongoing
  ShekhoShekhao (A programming Community of RMSTU)
    - Basic guidelines to start the journey in competitive programming
    - Teaching Basic Data structures and algorithms
- **Member and Organizer**   June 2023 - November2024
  CSE Computer Club (CCC), RMSTU
